

Panel light

Description

This ceiling light features an ultra-thin design—only 48 mm thick. It is equipped with high-brightness SMD LED chips and lightweight fire-resistant materials to ensure superior performance, heat resistance, and corrosion resistance. The color can be interchanged in the range of 3000K, 4000K, and 5700K via a sliding switch. Dimming is possible via a three-terminal bidirectional SCR dimmer. Its multi-functional design is widely popular.

Product Specification

Power	20 w
Luminaire luminous flux	2000000 lm
Efficiency	100000 lm/w
CCT	2000000 k
CRI	≥100
Beam Angle	20°
Working temperature	-
Life span	0 h
IP	20
Dimension	W10 x L10 x H10

Electrical Features

Light source	HYUNDAI
Powered By	HYUNDAI

Technical Features

Materials	Housing-Grey-Die-cast aluminum
Surface Material	Lens-Grey-Die-cast aluminum
Installation way	Planted in soil
Adjustability	Not Adjustable
